LETTER FROM THE

# PRESIDENT

Amoud Foundation has had another successful year in 2022 as the world recovered from the COVID19 pandemic for the past three years. The Horn of Africa experienced the worst drought in 40 years and it has affected over 20 million people.

Amoud Foundation applied lessons learned from the 2011 drought. We maintained water trucks throughout the year in the Banadir region, Baydhabo, and Garissa county in Kenya, Buuhoodle, and Sool region of Somaliland. We delivered water to over 15,000 families every day. The cause of any casualties of drought is due to the lack of water and thirst. We also built 315 water wells throughout the region.

Our 2 Million Meals program in Ramadan 2022 reached more families. We delivered over 5 million meals to our beneficiaries throughout the blessed month of Ramadan, giving iftar and suhoor to those in need and dry food to needy families and in IDP camps (Internally Displaced People).

From July to December, we initiated the Drought Emergency Response program and reached millions in Djibouti, Ethiopia, Kenya, Somalia, and Somaliland. We opened a feeding center in Baydhabo to care for the malnourished children coming to the IDPs. This year we paused all projects except those we started in 2021 to prioritize the urgent emergency needs of the region. Alhamdulillah, we still continue to support both educational and mother and child centers throughout the region as well as deliver medical supplies in Somaliland.

As we approach our 25th anniversary in 2023, we want to reaffirm our commitment to continue making a difference in the lives of our brothers and sisters in the Horn of Africa. Addressing their needs and rebuilding lives through education, orphanages, healthcare, and sustainable projects in shaa Allah.

We take this opportunity to thank Allah SWT and express our appreciation and gratitude to our supporters for your generosity and kindness. Thank you for choosing Amoud Foundation. We thank our staff, Board, and our Executive Director, Issam Abdallah. We are looking forward to our 25th anniversary year in 2023 in shaa Allah. May Allah SWT bless you and your family.

PRESIDENT  
MOHAMOUD EGAL

## Leaving a Legacy

Although long-range in nature, these contributions are significant in their present and future forms.

Each gift makes a difference by providing better educational opportunities for students, enhancing the orphanage, health, and educational facilities that attract the best and brightest minds. By making an estate gift, you can build a brighter future for students and patients which will result in affordable healthcare and better education in that geographical region of the world.

Also keep in mind that your benevolent efforts will leave an indelible mark on the world.

# Mission & Vision

was founded in 1998 with the mission to impact the local and global communities by helping people help themselves through sustainable humanitarian projects while maintaining trusting relationships

To explore estate planning and gift options, please contact us, at 972-871-8297 or [amoud@amoudfoundation.org](mailto:amoud@amoudfoundation.org)

# Your Support MAKES AN IMPACT

8.75 Million Meals total provided in 2022 including our food aid program.

# EMERGENCY DROUGHT Relief

The Horn of Africa is currently facing a severe hunger crisis, leaving millions dependent on humanitarian aid and have had to leave their homes. Many have had to leave their homes and are displaced. They are in dire need of your support and generosity.

Across the eastern Horn of Africa, millions upon millions of are faced with acute food insecurity and severe water shortages due to drought.

People have no water or food after their crops and livestock were destroyed by this drought caused by several seasons of no rainfall or very below-average rainfall for many years.

The number of people affected by the severe drought has increased in multitudes in the last year alone and those displaced internally have more than quadrupled in the last year.

The world's hungriest country, Somalia, is suffering its worst drought in 40 years. At present, one-fifth of the population in Somalia is impacted by drought and the projections show it will just keep getting worse.

Ease the pangs of thirst and hunger for your vulnerable brothers and sisters.

Your generosity can ensure their survival with essential water and filling meals for the neediest.

# HEALTH CARE

## REACHING THE NEEDY

Amoud Foundation sent containers of medical supplies to Al Hayatt Medical Center and the Mother/Child Health Centers (MCH) so the people in the area could have access to medicine and healthcare.

**14** Mother Child  
Healthcare  
Centers  
Established

# Give Them *Light* With The *Gift Of Sight*

Your donation can dramatically  
change someone's life!

Amoud Foundation continues to  
be committed to helping the most  
vulnerable in the Horn of Africa by  
providing free cataract surgery to  
restore their sight.

**DONATE TO OUR VISION PROGRAM TODAY FOR JUST \$150 YOU  
CAN HAVE A LIFE-CHANGING EFFECT ON SOMEONE'S LIFE.**

# KEY FIGURES

**420**  
Patients benefited from  
cataract surgery

**1750**  
Screened patients with  
different eye diseases

**2000**  
patients are on the  
waiting list to be screened  
for cataract surgery

12

According to the World Health Organization, there are millions of people who have severe vision impairment. Although there are some forms of vision impairment that are not treatable, over 75% of the cases are correctable through affordable cataract surgery.

For those in developing countries, many factors contribute to the loss of vision, such as poverty, malnutrition, hygiene, and climate. All of these conditions are prevalent in the Horn of Africa. Lack of sight can prevent a child from going to school, a family member from working or being able to look after their families.

# Success STORY

Education is undoubtedly a source of empowerment and development for both individuals and the society. Achieving development goals in any society depends on women's participation in education.

Being a student and a mother at the same time is extremely difficult in this time. Nimco Aden Muse is one of women that is facing these challenges with three children, but the most important thing is she has patience and good intentions in learning under these circumstances.

She has the responsibility to raise three children and to take care of the home and also to take care of her education at the same time. Her life is completely different than those around her. Nimco gets support from her husband, a local farmer, who is always there for her to give her motivation to finish her education successfully. The road has been rough and they are still holding on together.

Nimco is 20 years old now, she got married when she was 17 years at the first class of the secondary (Batch 2017). She lives with her mother-in-law and her husband.

Her mother-in-law and sister in-law help her to take care of the children while she is learning. Sometimes she misses the school for weeks because of a lack of babysitter. Nimco did not get any support from any other side of her society. Nimco's husband works on a small farm which is the only source of income for her and her family. The farm her husband worked on was affected by the recurrent drought and the Sagar Cyclone.

Education Officer, Amoud Foundation

# Educate & Empower

2022 has been a tough year for Education systems around the world. Amoud Foundation believes that with **education** comes power.

By educating these children, you are giving them an **opportunity** to **succeed**

# EDUCATION IS THE FOUNDATION OF SUCCESSFUL GENERATION'S FUTURE

With our partnership with Books for Africa, we have delivered books, school supplies and solar lamps to many schools and furnished a library.

**Amoud Foundation** has also begun construction on 2 schools in Ethiopia and should open in 2023, in shaa Allah. These schools will serve approximately 250 students each.

**2023  
PROJECTS  
ALREADY UNDERWAY**

Amoud Foundation has begun construction of The Farah Egal Library which is the largest library in the region and will serve 1/2 million people in the region. It will also serve 5 schools and a technical school in the region.

Al Hayat Hospital expansion will begin in 2023 in shaa Allah and will serve the entire region. With the expansion, this hospital will be to provide more essential healthcare services to more and more people in the Horn of Africa.

Masjid under construction in Ethiopia - Somali Region.
